Christmas bowling shirt

February 4, 2019, 2:10PM UTC / Source: TODAYBy Rande DawnMaroon 5 singer Adam Levine's shirtless performance won plenty of attention at halftime at Sunday's Super Bowl LIII, but fans also had something to say about the shirt he was wearing before. Basically, it reminded me of a certain retro furniture print. As many pointed out, the Voice coach's singlet had a distinctive but familiar pattern - one they recognized in their home décor. That's when social media posts began to increase. And it's not just pillows and chairs - the nation's curtains are out. You can't say Levine's not fashionable. Maybe he heard about the comparisons in the middle of the show, so he decided to leave the single. So far, Levine has not commented publicly on the comparisons. But we're sure you'll never wear this shirt again! We're sorry, this video has expired. Adam Levine talks about Super Bowl halftime backlashFeb. 1, 201901:38Rande Dawn Grandin Road Not only October, but there seems to be a big trend this year with Christmas décor: everything is oversized! We already have gigantic ornaments and gigantic inflatable eyes, and now there's another big item that you're putting at the top of our wish list: this big ornamental fist bowl! Very cheerful company Grandin Road-mammoth baubles are the same contractor - also behind this great-than-life decoration. According to the company's website, this hopping, beautifully glazed ceramic is crafted, and cut like an ornament with a metallic top and candy cane striped detailing, plus scooped like a candy cane. The impressive ship can hold holiday food and drinks185 ounces (!) and withstand temperatures of 32 to 94 degrees Fahrenheit. Both the bowl and scoop microwave and dishwasher are safe, but you need to wash the lid decorated with plenty of glass in the hand. This content is retrieved from [embed-name](#). You can find the same content in another format or find more information on their website. The festive basin is also part of the Very Cheerful Fun Collection, which includes a wreath plate and bowl set, a layered tree server and an ornamental snack bowl stand. Although we just stumbled upon the gigantic container, it's already like a Christmas cocktail or even a party of Christmas cookies - we have a lot of cheerful ideas of holly dancing in our heads to serve! In our opinion, it is never too early to decorate the halls, and a trinky that showcases our favorite seasonal dishes? He's still giving me this gift.
